

Parent/Carer/Patient Network form

If you would like to be on our contact list and/or be available to participate in future service development, please complete this form and give to the Outpatients desk in the Children's Cancer Centre or Paediatric Service.

An important way to ensure that our services meet the needs of children and families is to seek your advice on future service development and gain your feedback on our current services.

There are many ways in which children and families can provide feedback and advice on current and new services. These include:

- Participating in a one-off telephone interview
- Completing a survey
- Joining in a group discussion with other parents/patients
- Joining a short-term working group with a specific focus
- Participating as a member of our Parents' Advisory Committee

In addition, we would like the opportunity to provide you with information that may be of interest to you from time to time.

To do this, we are collecting email and/or postal contact details of patients, parents and carers of children who have attended the Children's Cancer

Centre at The Royal Children's Hospital (RCH), Children's Cancer Centre at Monash Children's or have been treated at Peter MacCallum Cancer Centre.

If you would like to be on our contact list please complete and return this form. You will be able to unsubscribe from this contact list at any time by indicating your wish to do so by return email to paediatric.ics@rch.org.au

I am interested in receiving:

(Please indicate all preferences)

- Details regarding any updates/ changes to clinical services at the Children's Cancer Centres, including details of groups or education sessions that are run by the centre
- Children's Cancer Centre newsletter and other pertinent material deemed useful for families
- Information about opportunities to participate in feedback forums regarding services related to the Children's Cancer Centre (e.g. a focus group or parent survey)
- Information about joining the Parents' Advisory Committee

Full name: _____

The information you provide on this form and any feedback will be stored in Children's Cancer Centre Network Database that resides at the RCH. This information will be treated confidentially and only accessed by authorised RCH staff. Please note that RCH hospital policy restricts or excludes the inclusion of children less than 14 years of age in this database. If you are aged 14 years or over, you can join this database by completing this form. Any feedback provided will be used to improve the quality of services provided and to inform you of new services and resources.

I understand that by providing consent my details will be added to the Children's Cancer Centre Network Database. I understand that depending on my preference the database may be used to send information and/or contact me regarding feedback on issues relevant to the care of children with cancer and to improve the quality of services provided. I understand that I may revoke this consent at any time in writing and sent to the address below.
